Dear Lederberg:

In confirmation of our conversation at Boston I should be very glad to have you speak to our Journal Club on the afternoon of Thursday, January 16. Tea is customarily served from 4:30 to 4:45 and the speaker has from then to six o'clock for presentation of material and discussion. I shall be very glad to have the title of your discussion so that notices may be posted.

Sincerely yours,

E. P. Kaufmann
